Agenda Item 3a, Approval of the February 6, 2020 Meeting Minutes, was taken up. A motion was made by Mr. Kuryla, seconded by Mr. Stubbs, and passed approving the minutes.

Agenda Item 3b, Report on Seaport Environmental Management Committee (SEMC) Meeting, was taken up. Ms. Grigsby provided the members with a report on SEMC. The Committee met on September 1<sup>st</sup> and discussed the recent draft turbidity rule released by the Department of Environmental Protection (DEP). Staff will continue to work with the Department on the rulemaking process to consider ports and hurricanes for coastal turbidity regulations.

Agenda Item 3d, Report on FSTED Security Committee, was taken up. Mr. Rubin provided the members with a report on the September 1<sup>st</sup> meeting of the Committee. The Governor's \$1 billion veto package included a veto of the \$2 million for FSTED Security grants. This will affect the statewide ARES system the ports are currently using. As it stands there are no additional state or federal dollars available to continue the service at a statewide level. Staff is continuing to work with CDC and their recent request for information for the resumption of cruising. There are 28 questions in the RFI, and a collaborative response in addition to interested individual responses will be sent for Florida cruise ports.

Agenda Item 4, Reports and Studies, was taken up. Ms. Grigsby presented on the reports. The Seaport Mission Plan was delayed due to the previously mentioned funding roadblocks; however, it was released prior to the meeting. All cargo and cruise numbers were record setting. Staff will begin preparation for next years SMP in the coming weeks, coordinating messaging and data that may be affected by COVID-19. John Martin conducted a mini-economic impact analysis that is within the FSTED meeting materials. The cruise numbers reported only county embarkations, so that number should be doubled when discussing economic effect in Florida.

Agenda Item 5, Legislative Report, was taken up. Mr. Rubin noted that leadership elections will place during Organizational Session in mid-November this year. Regular session will convene on March  $2^{nd}$  in Tallahassee, with little known in the way of revenue forecasting at this time.

Agenda Item 6, Agency Reports, was taken up. Ms. Fierst presented the report on behalf of DEO. Fierst thanked Mr., Ken Lawson for his service and announced the new Executive Director: Dane Eagle. DEO will be co-hosting a Cyber Security Forum on September 16<sup>th</sup> with the Associated Industries of Florida and Florida Makes. Secretary Kevin Thibault reported on behalf of FDOT. The Freight Mobility & Trade Plan is complete and an excerpt included within the meeting materials for FSTED. The FDOT Seaports & Waterways Plan process is beginning, this is a statutorily required update that must be done every five years. Thibault indicated that the Strategic Ports Investment Initiative is looking at updating their methodology for allocations. Thibault indicated once they reach consensus on that they will hold a publicly noticed meeting to workshop the input. That workshop is expected to occur in early 2021.

Agenda Item 7a, Discussion and Review of Seaport Funding Spend Downs, was taken up. Chair Miller asked for seaport-on-seaport funding spend downs by several seaports. The berth rehabilitation at Port Manatee with about \$724,000 remaining is in the process of acquiring a time extension according to Mr. Sanford. The berth has had some additional damage and the port will need to do an emergency procurement, then the spend down should happen quickly. Port Fernandina has two grants for cargo improvements, wharf maintenance, and dredging totaling \$187,500 and \$7,902 that will both request an extension according to

Mr. Ragucci. JAXPORT has requested and been approved for a contract extension according to Mr. Wong for the terminal bulkhead reconstruction. Chair Miller explained that the Port of Pensacola's Berth 6 Rehabilitation has a remaining balance of \$753,000, and that a reallocation letter is in the packet to address later in the agenda. The Port of Palm Beach has three projects that were spent down since the grant sheets were reported.

Agenda Item 7b, Approval of Reallocation of FY 20/21 FSTED Program Funds, was taken up. The Port of Ft. Pierce requested that the balance of Fisherman's Wharf Redevelopment be moved to the rehab of the South Dock. The 2<sup>nd</sup> project by Ft. Pierce is to move the money currently on Berth Improvements and the Seagrass Study to the Terminal Improvements Project which is an immediate need for the port. A motion was made by Mr. Stubbs, seconded by Mr. Almira, and passed approving the reallocation for the Port of Ft. Pierce. The Port of Pensacola requested that the remaining balance of \$753,000 from the Berth 6 Rehab be moved to the maintenance dredge. The amount seems high; however, this was due to the over estimation of how much work was needed on the bulkhead. A motion was made by Mr. Murray, seconded by Mr. Magidson, and passed approving the reallocation for the Port of Pensacola. Grigsby indicated all reallocations were coordinated with DOT, and moving forward please let Council staff know in advance if funds will need to be moved. These reallocations will affect DOT's available budget capacity, and Council staff will need to coordinate the ability to move funds with Department staff.

Agenda Item 7c, Agency Reports on Consistency Review of FY 21/22 FSTED Program Project Applications, was taken up. Ms. Fierst thanked the Council and staff for their coordination, DEO found 53 projects to be consistent with F.S. 311. Secretary Thibault indicated that they also found the project to be consistent. A motion was made by Mr. Daniels, seconded by Mr. Murray, to accept the consistency review by DEO and FDOT. Motion passed.

Agenda Item 7d, Recommendation and Approval of FY 21/22 FSTED Program Allocations, was taken up. Mr. Wheeler and Grigsby provided an overview of the FSTED Program Allocations. An amended chart was provided to participants, as the one in the packet had an excess of \$100 allocated from debt service. Over \$1 billion of project requests were received this year for the available \$25 million. The FSTED Data and planning line item saw a reduction of over \$100,000 from last year. Staff has worked with the Chair and vendors to revise and update contracts that resulted in this savings. A motion was made by Mr. Almira, seconded by Mr. Murray, to approve the FSTED Program Allocations. Motion passed.

Agenda Item 8a, FSTED Bylaws, was taken up. Wheeler presented the recommendations of the By-laws changes from the By-laws committee created by Chair Miller. The committee consisted of: Ryan Fierst from DEO, Basil Binns, Mike Poole, and Paul Anderson. The updates to the By-Laws addressed the clarification of language from the February 2020 meeting, updates to F.S. references within Section 311, and spelling out the members of the Council. A motion was made by Mr. Murray, seconded by Mr. Almira, to accept the FSTED By-laws edits. Mr. Stubbs asked why FDOT wasn't on the committee. Chair Miller indicated that the By-laws committee was a chance to get DEO more involved within the Council. Updates within the By-laws were taken from previous advisement from FDOT, though they did not participate on the sub-committee. Secretary Thibault requested that the by-laws be tabled until a later meeting so that seaport staff could review again and provide comments. Mr. Murray updated his motion

to indicate that the By-laws be tabled and resent to the Council for questions, comments, or concerns. Mr. Kuryla seconded the motion.

Agenda Item 8b, FSTED New Officer Elections, was taken up. Mr. Stubbs was the chair of the FSTED Council Nominating Committee. The nominating committee had a dynamic slate and conversation of people able to take on leadership roles this year. After debate the final recommended slate was: Chair-Captain John Murray; Vice Chair- Paul Anderson; and Secretary/Treasurer-Juan Kuryla. Mr. Stubbs mad a motion for the Council to approve the recommended slate comments, Mr. Almira seconded the motion.

Chair Miller thanked staff, partner agencies, and the FSTED Council for their faith in her and coordination with her during her tenure as Chair.

The meeting was adjourned at 3:10 p.m.

## Revenue Estimating Conference Transportation Revenues Executive Summary August 4, 2021

The Revenue Estimating Conference met on August 4, 2021, to consider the forecast of revenues flowing into the State Transportation Trust Fund (STTF). Including the estimates for FY 2021-22, overall revenues to the STTF during the work program period ending in FY 2026-27 were increased by \$897.8 million or about 3.5 percent. The revised estimates reflect actual revenue collections for the 2020-21 fiscal year and adjustments made for changes enacted during the 2021 Legislative Session which have now been embedded in the old and new forecasts. These legislative changes include:

- 1. The estimated collections of rental car surcharge that were increased beginning FY 2021-22 for changes made in CS/CS SB 566 which augmented the enforceability of collecting the surcharge from car sharing services.
- 2. The estimated collections of the lead acid battery fee that were increased beginning FY 2022-23 for changes made in CS/CS SB 50 which addressed fee collection by remote sellers.

For revenues from fuel taxes, the overall forecast was shaped by recent developments in all of the following: changing consumption patterns of motor fuel and other fuels (diesel, aviation and off-highway fuel) related to the effects of the Coronavirus outbreak and the associated economic expectations going forward; projected fuel tax rates; technological advancements in fuel efficiency and the implementation of the Corporate Average Fuel Economy (CAFE) standards; increased expectations for the use of electric vehicles by the end of the forecast period; and aviation fuel refund activity. The projection for revenues from all types of fuel was increased by \$619.2 million or 3.9 percent over the entire work program. Within the total for fuel-related taxes, Highway Fuel Sales Tax and the SCETS fuel tax were both raised in the new forecast, producing a combined increase of \$516.3 million for the work program period. There were also increases to the forecasts for Aviation Fuel Tax of \$54.1 million and Fuel Use Tax of \$49.3 million. The forecast for Off-Highway Fuel Tax was reduced by -\$0.5 million while the Natural Gas Fuel Tax forecast was not changed. A fallout of some of the other forecast changes, the Local Option Distribution over the work program was raised by \$4.5 million or 1.6 percent over the prior forecast.

Finally, the forecast for the Rental Car Surcharge was decreased by \$1.2 million, or -0.1 percent. The forecast reflects the impact to tourism caused by the ongoing Coronavirus pandemic. Over the longer run, the increased use of alternatives to rental cars such as ride sharing services, destination-provided shuttles, and increased remote work options come more into play.

The forecasts for motor vehicle license and registration-related fees were previously adopted by the Highway Safety Licenses and Fees Conference held July 29, 2021. In this work program period, receipts to the STTF from motor vehicle related licenses and fees were increased by \$275.3 million or 3.2 percent over the entire work program. Motor Vehicle Licenses are up \$278.7 million, Initial Registrations are up \$5.5 million, Title Fees are down -\$4.3 million, and Motor Carrier Compliance Penalties are up by \$3.1 million over the work program period. The related transfer to the General Revenue Fund during the 2021-22 fiscal year was increased from zero to \$7.7 million.

# TAB 8b Approval of Reallocation of FSTED Program Funds

August 14, 2021

John Murray, Chairman Florida Ports Council 502 E. Jefferson Street Tallahassee, FL 32301

Re: Request for reallocation of funds

Dear Mr. Murray,

Port Canaveral has a remaining balance of \$114,227.71 in state funding on grant FM# 412652-2-94-02, Contract# G1I76, (Security Bollards Installation). With the Security Bollards project complete, we respectfully request to reallocate these funds to our Video Management System (VMS) project (UPIN PFS0002807). The VMS upgrade is a high priority for our Port.

Thank you for your consideration.

Sincerely,

Michael Poole, CFO Canaveral Port Authority (321) 783-7831 ext. 222

June 3, 2021

Captain John Murray 502 E. Jefferson Street Tallahassee, FL 32301

Re: FSTED FY 21/22 Funding Reallocation Request

Dear Chairman Murray,

Port Tampa Bay respectfully requests a reallocation of FY 21/22 FSTED funds in the amount of \$3,600,000 from the current Port Tampa Bay's crane purchase project to the Channelside Berth 268 Reconstruction project. Due to significant cost escalations, this project was updated and resubmitted for FSTED approval for the Fiscal Year 2022-2023 cycle.

As per the FSTED guidelines we are requesting a 75/25 match as this is a berth reconstruction project.

Please do not hesitate to call Ram Kancharla, VP of Planning & Development at (813) 313-7527, should you have any questions.

Thank you in advance for your consideration and approval.

Sincerely,

A. Paul Anderson
President and CEO

Ce. Paul ancleyou

Captain John W. Murray, Chair Florida Seaport Transportation and Economic Development Council Florida Ports Council 502 East Jefferson Street Tallahassee, FL 32301

Dear Captain Murray:

As requested by the Florida Transportation and Seaport Economic Development Council, the Department of Economic Opportunity staff reviewed the seaport project applications on the attached project list.

In compliance with section 311.09(7), Florida Statutes, each project was evaluated for its economic benefit and to determine if the project was consistent with state, regional, and local plans; the Florida Seaport Mission Plan; and the state's economic development goals and policies. The projects on the attached list were found to be consistent based on the criteria stated in section 311.09, Florida Statutes.

If you have any questions or require additional information, please contact Adam Callaway, Deputy Secretary, Division of Strategic Business Development at (850) 717-8960.

Sincerely,

Dane Eagle

RE: Consistency Review of Fiscal Year 2023 Florida Seaport Transportation and Economic

**Development Program Applications** 

Dear Chairman Murray:

As required by Section 311.09(6), Florida Statutes (F.S.), the Florida Department of Transportation (Department) has completed a consistency review of Fiscal Year 2023 seaport project applications, which were submitted by the Florida Seaport Transportation and Economic Development (FSTED) Council to the Department on June 25, 2021. The project applications have been reviewed for consistency with the Florida Transportation Plan, the Statewide Seaport and Waterways System Plan, and the Department's adopted work program.

The projects identified in Attachment 1 are consistent with the requirements of Section 311.09(6), F.S.

If FSTED Council Members should have questions about the Department's Seaport Program, please contact Dan Fitz-Patrick, Seaport Office Manager at (850) 414-4551.

Sincerely

Kevin J. Thibault, P.E.

- <u>Purpose</u>. Table 1 shows FSTED Program funds which have been previously allocated by the FSTED Council for use on "Seaport Data & Planning" projects.
- <u>Summary</u>. There is \$569,597 of fiscal year 2022 funding which can be allocated to FSTED Program projects, as described in Section 311.07, Florida Statutes (F.S.).
- Content, recovered funds. There is \$333,970 (i.e., \$849, \$20, \$300, \$325,656, \$7,145) of funding from fiscal years 2018 and 2020 that was recovered from closed contracts, which has been programmed in fiscal year 2022.
- Content, restored funds. In fiscal year 2021, Florida had reduced revenues which impacted the work program. The Department tried to minimize impacts to the seaport program, including seaport projects with FSTED Program allocations. Three FSTED Program allocations were affected, including \$164,313 of funds allocated to "Seaport Data & Planning." Before fiscal year 2021 ended, the Department was able to restore the funding for all three affected projects, and \$164,313 of fiscal year 2021 funds previously allocated to "Seaport Data & Planning" have been rolled forward to fiscal year 2022.
- <u>Content, uncommitted funds</u>. As outlined in Table 2, there is \$71,314 of fiscal year 2022 funding which is available for reallocation by the FSTED Council.

#### Table 2. Committed FSTED Program Funds, Fiscal Year 2022.

• <u>Purpose</u>. Table 2 shows fiscal year 2022 contractual commitments and the remaining balance of allocated funds which are available for reallocation by the FSTED Council.

- Summary. On September 2, 2020, the FSTED Council allocated \$320,000 of fiscal year 2022 FSTED Program funds to "Seaport Data & Planning." Of which, \$248,686 (i.e., \$223,686, \$5,000, \$20,000) has been committed to contracts, and \$71,314 is listed in Table 1 as available for reallocation by the FSTED Council.
- Content, contract BEA34. Contract BEA34 provides the FSTED Council members with access to online PIERS (The Port Import/Export Reporting Service) data. This five-year contract with IHS Global, Inc., began in fiscal year 2021, with an annual subscription amount of \$223,686.
- Content, contract BEA99. Contract BEA99 provides the FSTED Council with graphics services for Florida Seaport Mission Plan development as described in Section 311.09, F.S. This five-year contract with Bermello Ajamil & Partners, Inc., began in fiscal year 2021, with an annual maximum compensation limit of \$10,000. There is an available balance of \$5,000 carried over from fiscal year 2021, and only \$5,000 of fiscal year 2022 funding is needed to fund the annual maximum compensation limit.
- Content, contract BEB00. Contract BEB00 provides the FSTED Council with writing services for Florida Seaport Mission Plan development as described in Section 311.09, F.S. This fiveyear contract with Bermello Ajamil & Partners, Inc., began in fiscal year 2021, with an annual maximum compensation limit of \$20,000.

#### Table 3. Funding Needed to Continue Commitments, Fiscal Year 2023.

- Purpose. Table 3 shows fiscal year 2023 funding needed to continue the contractual commitments described in Table 2.
- Summary. If the FSTED Council elects to continue all existing contractual commitments, a total of \$253,686 in fiscal year 2023 funding will need to be allocated for this purpose.
- Content. See Table 2 descriptions.
